PMEX UPDATE

Major Headlines

Oil hits three-week high on uncertainty over Hormuz

Oil prices hit a three-week high on Wednesday as uncertainty over shipping through the Strait of Hormuz and ongoing supply disruptions supported the market. Brent crude futures climbed 77 cents, or 0.85%, to $91.79 by 0948 GMT, while U.S. West Texas Intermediate crude futures were up 85 cents, or 1%, to $85.79 a barrel.

Gold: Strait of Hormuz Blockade Lends Support to Yellow Metal

Gold remains firm. With tensions rising in the Persian Gulf, the XAU/USD pair is trading well above the large base built throughout the middle of the year, in the 4000.00 region. This is not a euphoric move, it is more of a calm migration of money into an asset that swings less when the world becomes unpredictable.

US stock futures steady after tech slump; investors focus on Middle East tensions

U.S. stock index futures were stable on Wednesday following a technology-driven selloff that rocked Wall Street in the prior session as investors turned their attention to the inflation outlook and geopolitical tensions in the Middle East. U.S. President Donald Trump said on Tuesday no talks were taking place with Iran and insisted the Strait of Hormuz was open, contradicting Iran's assertion that the critical waterway remained shut to shipping.

USD/JPY Price Forecast: Aims to extend rally above 160.00

The Japanese Yen (JPY) underperforms its major currency peers on Tuesday, with USD/JPY trading 0.16% higher at around 159.70 during the European trading session. The Japanese currency is under pressure as financial markets doubt the Bank of Japan (BoJ) to hold its hawkish policy stance amid growing economic concerns.

EUR/USD Price Forecast: Gathers strength above 1.1550, bullish outlook remains intact

The EUR/USD pair trades in positive territory near 1.1585 during the early European trading hours on Wednesday. The Euro (EUR) edges higher against the US Dollar (USD) as the German ZEW survey beat forecasts. The European Central Bank (ECB) President Christine Lagarde's is set to speak later on Wednesday.
